

Shane Y. Arranguez

Pajo, Daanbantayan, Cebu | shanearranguez09@gmail.com | 09183195201

Skills

- HTML, CSS, JavaScript, PHP, MySQL
- Basic proficiency in ReactJS, Tailwind CSS, Git, GitHub, Figma
- Fundamental understanding of Java and Python

Experience

On-the-Job Training (OJT) – Backend Developer

- Worked as a backend developer for the project during OJT.
- Gained experience in server-side programming and database management.
- Collaborated with a team to implement functionalities.

Projects

Idea Sharing App | <https://github.com/shaneV2/hataqi>

- Developed a web application using PHP, HTML, CSS, JavaScript, and MySQL.
- Allows users to post and share their ideas, receive suggestions, and update their posts accordingly.
- Enables interactive collaboration where users can comment on posts and contribute to idea development.

Audio Player Web App | <https://github.com/shaneV2/AudioPlayer>

- Built a React-based audio player with Tailwind CSS.
- Implemented key features including play/pause, next and previous track controls, full-display song preview, song navigation, and the ability to adjust the current playing time of a song and resume playback from the selected time.

Simple Calculator | <https://github.com/shaneV2/ReactJSCalculator>

- Developed a basic calculator using React JS and Tailwind.
- Supports basic arithmetic operations with a clean and user-friendly interface.

Education

Bachelor of Science in Information Technology - Cebu Technological University
2024
